Why settle for the same old thing? Deeded boat dock and lake access is the crowning touch to this perfect home. Builder's Custom home boasts craftsman style siding and stone exterior and magazine worthy interior. Open two story great room greets you upon entering through the designer front doors. Formal dining with wainscoting adjoins the cooks kitchen with stainless appliances, granite counters, tile backsplash and the coolest center island ever. Main level master suite boasts coffered ceiling and ultra modern bath with more granite, tile and free standing soaking tub. Junior master upstairs has access to the upper level deck. Most rooms have either tile or hardwood flooring - only one bedroom and the bonus room have carpet. More... You can also relax on the lower level deck overlooking the level fenced backyard. Goodness - you had better hurry - I think I've talked myself into buying this one!
