**3 Bedrooms . 2 Bathrooms . 2,855 Sqft**

If you are looking for a 2,855 sq. ft., three bedroom, 2.5 bathroom home with a fully finished bonus room then this home might be for you! If you are looking for a home with split bedroom floor plan, large master bedroom with seating area, large kitchen with lots of counter top space and cabinets then this home might be for you! If you are accustomed to details such as crown molding, hardwood floors, white, large plank plantation shutters throughout most of your home, in addition to a gas fireplace surrounded by floor to ceiling stacked stone, then this might be the home for you! If you are in search of a home that boasts an extra large garage that will actually fit two vehicles and additional storage, all on the main level, then this might be the home for you. I would be remiss to forget the lovely, mature landscaping that will draw you from the front of the home to the back. In addition to two Japanese Cherry Trees (front and back) the owners have flanked the back of the lot with Giant Green Arborvitae. This creates some privacy as you relax and/or entertain around the inground pool. The pool can be accessed from the interior via the sunroom to the step down, screened in back deck or via the gates of the black aluminum fence that encloses the backyard and pool. Other details include a sprinkler system, blinds in...
