You've been waiting for this one. Don't miss out on this three bedroom, three full bath home that has a beautiful lake view. There are hardwood floors throughout the main level with tile in the kitchen and bathrooms. The split bedroom design is separated by a roomy family area opened to family dining. A big picture window sets the scene for a beautiful sun rise or sun set. The master bedroom is over sized with a big closet. All bedrooms have large closets. The kitchen has granite countertops and comes complete with all appliances (new dishwasher) and an additional refrigerator and double oven that are in the utility room. There is an over abundance of cabinet space and a pantry/laundry room/ utility room next to the garage entrance. There is a garage on the main level with new insulated doors and a super large garage on the basement level. Downstairs has a bar and man cave area as well as a full bath. It would make a perfect in-law-suite. Exit the basement to sit in the hot tub and enjoy the view. Harrison Bay State Park is just down the street. Come see us today.
