Welcome to The Oxford, Chattanooga's newest community offering lifestyle homes with distinctive design. Enjoy maintenance free one level living at the base of Signal Mountain in the heart of Red Bank. Conveniently located to downtown this new community offers much more than a new home with well planned community amenities to include Clubhouse with Outdoor Fireplace and Pool plus direct access to the City's Greenway Trail system. The Windsor floor plan in the Quad design offers a two car garage and all one level living with optional second level with full bathroom. Upon entry enjoy a cozy foyer with access to either bedrooms. A master suite to the right includes dual vanities with free standing tub and separate shower. There guest bedroom offers a private ensuite bathroom as well.

The living room with fireplace is a great every day gathering space. Opening to the dining area and kitchen with island this area makes for easy entertaining. The keeping room just off the dining room provides access to the side porch. There is a convenient powder room off living area and a laundry room tucked off the kitchen with access to an unfinished storage/workshop area. These units will be move in ready May 2019.
