Welcome to Hope Ranch, a subdivision of all acre+ lots, where you have neighbors, but not too close! This 3-year old home was meticulously planned for over a year with every attention to detail. No small rooms in this house, each room is oversized for family living. The hub of family living is the Great Room, with high ceilings, built-in bookcases, gas log fireplace and hardwood floors. Many windows bring lots of daylight into this home Master BR with ensuite on the main level, then 3 more bedrooms upstairs. Over 700 sq ft of walk-in attic could easily be finished if more space is needed. FOUR garages, two are side-entry attached to the house main level. These garage doors are 10-foot wide for larger vehicles & two more in brick detached garage and workshop, which has 2"x10" wall. The septic field lines are in the front yard making the level backyard a perfect place for a pool. Covered porch with scenic views. A 2nd BR or office on the main level has a full bath. Too many details to mention, AND Apison and East Hamilton schools. You will love calling this "HOME."
