One level living at its finest with water views of Savannah Bay. Remodeled with a new gourmet kitchen featuring a huge island, walk-in pantry, built in wine fridge, double ovens, and granite throughout. The variable width, hand-scraped engineered hardwood has been meticulously installed throughout the entire home including the two master suites with walk-in closets. The bathrooms have been updated with LVT flooring. The oversized lot (just under an acre) provides water views from the front porch and a park like setting off the back screened in porch. The roof is under one year old. The spacious three car garage is complemented with a mudroom bringing you into the kitchen. Current owners are selling in order to keep their horses at home and have absolutely loved this house.
