\$ 299,000

4 Bedrooms . 2.5 Bathrooms . 2,598 Sqft

Walk up to the rocking chair front porch and you will feel like you are home. This home sits on 1 acre. The entrance has hardwood floors that flow into the formal dining room and a grand stairway . The downstairs offers a formal living room and the large open floor plan of the great room and kitchen area is a great place to entertain. The kitchen has lots of cabinets and granite counter tops, along with a bar area to eat and also offers a breakfast nook. The gas fireplace in the great room offers the extra warmth for those cold days. There is a large laundry room and half bath on the main level. Step upstairs and you will find a large Master Bedroom along with a great master bath with granite counter tops and a walk in closet. Down the hallway you will find 3 more good size bedrooms and a full bath. Get ready for the summer with this great 16x32 in ground pool and the pool house offers a changing area and lavatory and a fence that surrounds the pool area. There is plenty of back yard space and this will be the place you will want to spend those warm summer days.. This home is ready to move in and call home, make your appt. today...

Buyer to verify square footage.
