Chattanooga living at it's best! This is a wonderful opportunity to live on one of the most private streets in North Chattanooga yet be so close to everything. Located within the Heritage Landing gated community, this prestigious home sits on a cul-de-sac with views of downtown and the Tennessee River. The green spaces, community pools and tennis courts provide wonderful recreation and the clubhouse is always available when needed. The recently updated photos reveal the fresh paint and updates that you will see immediately upon entering this home. The large open foyer is stunning with formal dining to the left and study/office to the right. Moving through the foyer into the living room the new paint draws your eyes up toward the ceiling. Custom built in cabinetry flanks the large fireplace. The doors and sets of doors are custom...each with unique brass hardware. The kitchen island is crafted by Haskel Sears from reclaimed timber and provides a gathering spot for family and friends. As you come in to the Master on Main the light gray will transition to a peaceful blue. This master is spacious and features a sitting area with gas log fireplace and wonderful on suite. Note: floor plan for both main and upper level are in the photos. Moving upstairs to the large hallway you will find three additional bedrooms...
