This charm of 1930's is ready for you to call home. All bedrooms are all in one level including a spacious office/library area. The living room has a gas fireplace and the back den has a wood-burning fireplace. Walk upstairs and you will be surprised to see a huge walk-in attic that you can easily convert to a bonus room. Finishing the attic and basement could get you an additional 1,000+/- square feet. Updates include new roof, new kitchen, carpet, plumbing, electrical, and a new AC.
