English Tudor Cottage. "Storybook" in Webster's defines this home perfectly with charming English Stucco, original slate roof and arched front door. No cottage would be complete without window boxes drawing the eye to diamond-pattern leaded glass. Inside the character continues with tall baseboards, pencil-width hardwood flooring and crown molding serving as backdrop. Front rooms boast a comfortable living area, light-filled sunroom and ample dining room. Relaxing family areas include a den, kitchen and screened-in porch; ideal for summertime meals. Master with sitting area and en suite are upstairs along with two additional bedrooms and full bath. A spiral staircase leads to two additional bedrooms downstairs and full bath. Every square inch is designed with purpose and style.
