Open concept with a separate dining room. All bedrooms on the main level with a spacious master, master bath, and walk in closet. The master bedroom has a tray ceiling with indirect lighting, and a sitting area. The master bath was re-modeled in 2015, and features granite counter tops, soft close cabinets, separate shower, and a jetted tub. The beautiful kitchen with eat-in breakfast area has great stainless steel appliances to include a Bosch dishwasher and top-of-the-line Viking dual fuel gas cook-top /stove. There is a pantry in the kitchen along with under cabinet lighting. There is a fireplace (gas logs) in the great room which were recently serviced. The bonus room has a massive closet and could easily be a 4th bedroom or could function as great hobby room or family room. The utility room has a deep sink and shelves. The garage is a full two car with extra space (23.3' x 23.1'). As great as the interior is, the exterior is special. The home has a **BRAND NEW ROOF**; HVAC is regularly serviced and maintained; the back yard is fenced; there is a full sprinkler system; there is a screened covered porch and grillin...
