Stately, all brick, 4 or 5 bedroom, 3.5 bath home situated on a corner lot in the desirable Hidden Brook neighborhood on Signal Mountain. This lovely home boasts an in-ground pool and wonderful out door entertaining areas, as well as the master on the main, both formal and informal living spaces, updated kitchen, a side 2 bay garage and circular driveway for easy ingress and egress. You will love the hardwoods and tile throughout, the dental molding, the plantation shutters and the abundance of windows and French doors allowing for plenty of natural lighting. Your tour of the home begins with a spacious and inviting foyer with the formal living room with fireplace on the right and the formal dining room with access to the kitchen on the left. The 2 story great room has a dramatic stacked stone fireplace and opens to the kitchen, sun room and screened in porch. The kitchen has granite counter tops, including a raised breakfast bar for meals on the go, stainless appliances and access to the laundry room with pantry storage, as well as the garage for convenient loading and unloading. The sun room is just off of the kitchen and has a vaulted bead board ceiling with 3 new skylights, new windows and new French doors to the brick patio and pool area. It would also make a nice large breakfast room....
