Fairytale home on a fairytale lot on the north end of Red Bank. This one family owned home sits on nearly 1 acre with mature trees and great landscape. The home was recently completely refurbished including new bathrooms, kitchen and refinishing of gorgeous hardwood floors. There is a living room, dining room, family room and three generously sized bedrooms with hardwood floors. The kitchen cabinets are complemented by granite counters. There's a huge screened and tiled patio that goes from front to back as well as a nearly full length open deck across the back. Don't miss the lower level garage with a separate room that is finished as an office or play room. Finishing the garage area would open up great possibilities for a family apartment with separate entrance.
