his beautiful custom built home abounds with features which are truly unique including you feeling like you live in a Tree house because of the views. The formal living room and dining room both feature bay windows with hardwood floors throughout the main level. Perfect for family and entertaining is the open great room and kitchen. In the great room you will find a brick ventless gas fireplace with custom built in bookshelves on either side and a media alcove above. The kitchen area is beautiful with its black granite counter tops, custom tile back splash, and warm honey finish cabinets. Appliances include a trash compactor, dishwasher, double oven with convection, brand new 5 burner gas range, refrigerator and microwave. The kitchen island is not only where you will find the brand new gas range, it also gives you lots of other counter top space, it is also built for seating for 4. A large walk in pantry with utility sink is another great feature. You can enjoy the natural beauty that surrounds this home from the screened in and 1200 square feet of wrapped around covered porch. with a gas hookup for your grill. The large master suite is exceptional with a private sitting area with a wet bar and mini refrigerator, 2 walk-in closets, master bath with double vanity, skylight, walk in shower and separate bathtub. The basement is...
